

Amazon Web Services (AWS)

AWS gives you the ability to create a complete virtual system environment from the ground up, practicing many of the aspects of the modern system operating and development environments. With many organizations, including UCI, moving to a virtualized cloud environment, utilizing this tool can provide valuable skills that are immediately applicable in the workplace.

Access AWS

Create a free account: aws.amazon.com/free

Benefits:

Gain hands-on experience with the AWS platform, products, and services including but not limited to:

- Creating and managing servers
- Installing operating systems
- Managing networks/connectivity
- Building programming environments, applications, and services

Learn to Use AWS

Utilize the **AWS Skill Builder site**

- Skill Builder is supported directly by AWS and provides expert guidance on using AWS as well as support via the AWS Support Portal found on the Skill Builder site

Utilize **Udemy Academy**

- Available to everyone with a UCInetID.
- Udemy provides a variety of courses on AWS ranging from introductory to various certifications.
- Creating an account in Udemy and searching on "AWS 2.0" will provide over 2,000 classes and learning opportunities.

Additional Startup Resources

AWS is providing our students with a variety of opportunities including free AWS credits, mentors, an Ambassador Program, internships, and sponsorship opportunities.

If any of these are of interest, please email elp@uci.edu for additional information.

The Hub at the ANTrepreneur Center

Come visit The Hub workspace at the ANTrepreneur Center on campus, where you can play, explore, and interact with various tools. The facilities are designed to facilitate learning, brainstorming, and interaction with others. At The Hub, you will find dedicated desks and collaboration tools such as electronic whiteboards, stand-up desks and even under-desk treadmills.
