

## Alltius

Alltius is a generative AI company that builds powerful assistants for businesses. The true potential of any assistive technology lies in the number of questions it can answer or the tasks it can perform for its users—satisfactorily, quickly and distraction free. In a world where everyone is talking about replacing humans with AI, Alltius believes in human ingenuity and wants to prop it up with the superpower of generative AI.

### Benefits:

Gain hands-on experience with Alltius:

- Generative AI is changing business as we know it and understanding AI and its applications for modern business will be critical for any career you choose.
- Alltius’s KNO+ platform can be trained on specific data sources such as PDF, docx, csv etc. and the user can ask specific questions on these documents or ask KNO to perform specific tasks such as write an email, create a marketing copy, pitch etc.

### Access Alltius

- Go to the homepage <https://www.alltius.ai/> there is a button in the top right corner that says “get started.”
- Enter your UCI email address to create a login.
- After email verification is complete, you can sign into the web application and start creating an assistant.
- Once you have trained the assistant, you can go to the [playground](#) to ask questions.
- You can also add other people to your workspace by clicking on the [invite members links](#).

### Learn to use Alltius

- The Alltius [help center](#) has information on how to set up and use their AI assistant
- Watch a short [overview video](#)

## The Hub at the ANTrepneur Center

Come visit The Hub workspace at the ANTrepneur Center on campus, where you can play, explore, and interact with various tools. The facilities are designed to facilitate learning, brainstorming, and interaction with others. At The Hub, you will find dedicated desks and collaboration tools such as electronic whiteboards, stand-up desks and even under-desk treadmills.

For Additional details regarding The Hub or Amazon Web Services contact: [elp@uci.edu](mailto:elp@uci.edu)
